Features That Matter - Norix Blue

Bed Bug Resistant

The sealed seam eliminates any potential entry points for bed bugs to hide within the mattress, supporting a safe and sanitary environment.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Extended Warranty

A 5-year limited prorated warranty protects against seam failure and cover material cracking.

Integrated Pillow

An integrated pillow eliminates the need for separate pillows, which have the potential to be used as a weapon against others, as a tool to inflict self-harm, or as a hiding spot for contraband.

Fluid Resistant

The sealed seam and non-absorbent, TPU coated cover combine to resist bodily fluids, cleaning solutions and a wide variety of other liquids that your facility may encounter.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

Sealed Seam

Inverted radio-frequency welding is used to form a minimally visible sealed seam that provides extreme security in comparison to traditional sewn seams.

Fire-Retardant

The densified polyester core and TPU coated cover are fire-retardant, offering enhanced safety and peace of mind for residents and staff.

No Minimums

There are no minimum quantity requirements for all standard Norix mattresses, promoting a worry-free ordering process.

Robust Comfort

A soft, TPU coated polyester cover delivers an ideal combination of comfort and durability without the risk of cracking over time.

Features That Matter - Silver Secure

Bed Bug Resistant

The sealed seam eliminates any potential entry points for bed bugs to hide within the mattress, supporting a safe and sanitary environment.

Rip-Stop Cover

An enhanced tear-resistant, rip-stop scrim is woven into the cover material to provide an extra layer of security and prevent tearing in the event of a puncture.

Contraband Resistant

The translucent design mitigates the ability to conceal contraband within the body of the mattress, enhancing the safety and security of your facility.

Features That Matter - Marathon

Bed Bug Resistant

The seamless construction eliminates any potential entry points for bed bugs to hide within the mattress, supporting a safe and sanitary environment.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Extended Warranty

A 10-year limited prorated warranty protects against material and workmanship failures.

Fire-Retardant

The flexible polyurethane foam core and roto-molded vinyl cover are fire-retardant, offering enhanced safety and peace of mind for residents and staff.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

Integrated Pillow

An integrated pillow eliminates the need for separate pillows, which have the potential to be used as a weapon against others, as a tool to inflict self-harm, or as a hiding spot for contraband.

No Minimums

There are no minimum quantity requirements for all standard Norix mattresses, promoting a worry-free ordering process.

Puncture Resistant

The thick vinyl cover is puncture resistant and engineered to excel in the most extreme spaces of your facility.

Seamless Construction

The one-piece, roto-molded design creates a seamless exterior that is never sewn or stitched.

Extreme Fluid Resistance

The seamless design and durable, roto-molded vinyl cover are non-absorbent and offer extreme resistance to bodily fluids, cleaning solutions and a wide variety of other liquids that your facility may encounter.
